

A vibrant, magical forest scene. A large, ancient tree with thick, gnarled roots and moss-covered bark dominates the background. Sunlight filters through the dense canopy of green leaves, creating a dappled light effect on the forest floor. In the foreground, a variety of colorful flowers, including yellow, blue, and purple ones, are in bloom. Several butterflies are fluttering around: a pink one on the left, a blue one in the center, and another pink one on the right. A small green frog is perched on a root on the left side. The overall atmosphere is enchanting and whimsical.
